Arthur C Clarke takes you by the hand and opens it up to give you a lot more to think about. The film and the book complement each other very well. It's still amazing to think that the film and book were written before humankind had walked on the moon such is the attention to detail on space travel. Arthur C. Clarke - 2001 A Space Odyssey Audiobook Online. I won't destroy the plot or the storyline yet it is a fascinating one with the outsiders impacting humankind on the way of knowledge and learning. This is a decent book and it is a decent story without wars or battle with outsiders. It is tied in with seeing how humanity created and where we may be going later on. I like this book ...
