

**Rail Advisory Committee
February 14, 2008
Meeting Minutes**

Meeting location:
Port of Portland Building, 121 NW Everett Street, Portland

Members in attendance:

Bruce Carswell, Portland & Western Railroad	Terry Finn, BNSF Railway
Mike Hayward, Willows County Commissioner	Jonathan Hutchinson, Amtrak
Paul Langner, Tevlin Bros.	Craig Lewis, Tangent Services
Bob Lowry, retired	Chuck McLaran, Chair
Annette Price, Port of Portland	Jerry Wilmoth, Union Pacific Railroad

Members absent:

Rag Barbee, Roseburg Forest Products	Bob Krebs, retired
Delmer Hansen, United Transportation Union	Dave Root, Willamette Valley Railway

OOOT Rail Division staff in attendance:
Kathy Taylor Kathy Holmes
Bob Melbo

Chair McLaran called the meeting to order at 9:15 am. Rail Advisory Committee (RAC) members and staff made self-introductions.

Port of Tillamook Bay Railroad (POTB), F00078, Bridge and Tunnel Project - Rob Van Borsum, Port Director, presenting. The project would upgrade seven bridges and enlarge Tunnel 32; correct infrastructure inefficiencies and bring them up to standard. As of December 3 the line is totally shut down. The Tillamook area has every intention of resuming rail service. All the bridges and tunnels are still there. Bridge damage from the storm is unknown; an analysis is in progress to assess the damage.

- Explain the source of the Port's \$1 million match for the project. FFA appropriations money. Currently working with Rep. Hooley to get \$5 million in form of a grant that will be distributed in \$1 million increments over a five year period (2009-2013) based on the federal fiscal year.
- How do you rationalize for future business when the line is not in service? None of the ConnectOregon project is storm damage related.
- Where on the line is the damage? Not sure of the location. Only 1.25 miles out of 95 miles of line was damaged by the storm. The proposed improvements are west of the area damaged by the storm.
- Paul Langner noted that the in-water work period is during the summer and it is taking about 14 months to obtain permits. Bruce Carswell noted that according to case law, repairs vs. new are exempt and have more latitude.
- How much of the project is for tunnels? Tunnel 32 will cost under \$500,000.
- Carloads? There were 3000 cars last year, but two years earlier there were 5500.
- Per Mr. Van Borsum, future prospects look good. POTB land is prime development land and any development will look to that rail line.

Modoc Northern, R60043, Lakeview Branch Improvement - Bob Melbo presented as requested by committee. This project is a small dollar project and includes some areas in California. It will build new and update existing infrastructure. Even though it includes areas in California all the customers are located in Oregon. This asset is owned by Oregon taxpayers, and Oregon can place a lien on the property even though it is located in California.
