Discovering By Robert Root-Bernstein

Robert Root-Bernstein 4.55 · Rating details · 11 ratings · 3 reviews Root-Bernstein (natural science and physiology, Michigan State) attempts to understand how scientists invent through an imaginary reconstruction of the arguments, reflections, and games of six fictional characters. The index is of names only.

Discovering by Robert Root-Bernstein - Goodreads

Discovering is a book about how discoveries are made in science. It is one of the most liberating books any scientist in any field can read. It is also highly creative in its format where the story of Discovering unfolds through the work of six characters -- not all of them scientists.
