Goods Power History: Latin America's Material Culture (New ...

"Arnold Bauer offers us a beautifully composed and sweeping overview of the past thousand years of Latin American history, the present included, from the vantage of its "material culture." Goods, Power, History is that rare synthesis that offers a new worldview for its readers. Readers from all corners of the planet will be dazzled by Bauer's evocative details and his craft with the English language, which reveals passions rarely seen in run-of-the-mill academic texts." Journal of World ...

Goods, power, history : Latin America's material culture. [Arnold J Bauer] -- "Why do we acquire the things we do? Behind this apparently ingenuous question are several answers, some straightforward and others more interesting. To feed ourselves, might be the first response, ...

Goods, power, history : Latin America's material culture ...

For world historians, especially the materially inclined, Goods, Power, History will serve as a valuable and intellectually engaging introduction to Latin America. Bauer's book is mainly about the trinity of food, clothing, and shelter, though along the way it touches upon virtually every other realm of economic and cultural life (such as music, architecture, and fashion). The book is more about consumption cultures than the story of market commodities or exports, though production ...

Goods, Power, History: Latin America's Material Culture ...

Though the conditions of pre-Columbian America and 15th-century Iberia are beyond the scope of Latin American history proper, they must be given consideration in that connection. Not only did the geography of precontact America persist, but both the new arrivals and the indigenous inhabitants long retained their respective general characteristics, and it was the fit between them that ...

history of Latin America | Events & Facts | Britannica

This article treats the history of Latin America.The term Latin America primarily refers to the Spanish- and Portuguese-speaking countries in the New World.Before the arrival of Europeans in the late 15th and early 16th centuries, the region was home to many indigenous peoples, a number of which had advanced civilizations, most notably from South; the Olmec, Maya, Muisca and Inca.

History of Latin America - Wikipedia

Bauer attempts to answer the question of why we buy the things we do in this work that focuses on the history of material culture in Latin America. According to Bauer, material culture is built on the wants and needs for food, clothing, shelter and a variety of goods, the consumption of which is determined by four main factors, or themes: supply and demand, consumption and identity, ritual, and rule. Bauer synthesizes a number of secondary sources to examine the development of this culture in si

Latin America has been always shaped by events as much as by people and leaders. In the long and turbulent history of the region, there were wars, assassinations, conquests, rebellions, crackdowns and massacres.

10 Important Events in the History of Latin America

As of 2016, the population of Latin America is 633 million people and the total gross domestic product of Latin America in 2015 was 5.3 trillion USD. The main exports from Latin America are agricultural products and natural resources such as copper, iron, and petroleum. In 2016, the Latin American economy contracted 0.8% after a stagnant 2015.
